

Curriculum Standards

The New Canaan Nature Center strives to offer a variety of multidisciplinary programs which meet Connecticut content standards. The programs below may meet curriculum standards outside the recommended grade levels. Please contact the Director of School Programs for more information or to inquire about tailoring programs to meet your class curriculum needs.

Visit www.NewCanaanNature.org for more information.

Key to choosing your program:

-  = Meets K-12 CT social studies content standards.
-  = Meets one or more CT science content standards.
-  = Program features live animals.
-  = Social Studies program available for grade level.
-  = Science program available for grade level.
-  = Social Studies and Science program available for grade level.
