

Connecticut Trail's Day Scavenger Hunt

Write letters HERE as you find them:

As you explore the Nature Center property,
visit the Discovery Trail signs to find clues.

Each sign will provide 1 letter/symbol clue in **bold red**.

Example:

Record each letter/symbol as you find it and,
once you've found all 10, unscramble them to reveal
the answer to the riddle below!

Where do saplings go to learn?

— — — — — E — — — — — E — — — — — E E — — — — — O — — — — — L — — — — —

Flip over for more fun!

At each trail sign, see if you can learn the answers to these fun trivia questions!

Email us your answers at mhips@newcanaannature.org to be entered for a chance to win a FREE bottle of NCNC-made maple syrup!

1. What is the state fossil of Connecticut?

2. What do honey bees help to pollinate?

3. How can you identify a White Pine Tree?

4. Why is a vernal pool one of our most endangered habitats?

5. Why is Marsh Pond considered a hotspot for biodiversity?

6. Before the North Woods was a forest, what was this land used for in the early 1800s?
